“General Data Protection Regulation” (GDPR 2018)

Both Companies use the same Customer Database to hold customers Name, Address, Telephone Contact Details and E-mail addresses, as well as historic records of works carried out at their properties for the purpose of our Services, at our client’s request only.

The Customer Database is only accessible outside the offices by the Managing Director’s and the Companies IT Support Division, which does require the company’s authorization.

The Companies Customer Database is not used for Marketing and is not made available to any other company or person.

The Customer details we hold on our Database can be removed at any time at our client’s request.

All relevant paperwork relating to works carried out for our client’s is filed accordingly for the period of the warranties on our services we offer and secured within our alarmed premises during out of office hours. All other working paperwork carrying client details is cross-shredded on our premises, before being disposed of.
